

Ex.

$$\square + \square + \square + \square + \square + \square = \square$$

Types:

$$\oplus$$

$$\oplus$$

$$\ominus$$

$$\oplus$$

$$\ominus$$

$$\ominus = \ominus$$

Annihilation/creation

If a box B and its anti box B^a both occur in a Box M , then they mutually annihilate each other.
This means they both disappear.
