

An a-natural number is an a-box of zeroes.

Ex. The fundamental new natural number,

$$1 \equiv \boxed{\square}$$

Ex. The following are also natural numbers;

$$4 \equiv \boxed{\square\square\square\square}$$

$$0 = \boxed{}$$

An a-natural number is an a-box of zeroes.

$$4^a \equiv \boxed{\square\square\square\square}$$

$$0^a \equiv \boxed{}$$
